As you must have realized, there wasn't any news for December 2009 since you did not get a newsletter.

Not much more news for January 2010.

We really didn't have a formal club meeting, just a bit of chatting around the pot bellied stove Sunday morning.

Dick has not checked into the new procedure for Stone Cellar yet.

When he does, we'll let you know what the plan for 2010 will be.

There was no primitive shoot for December (1/3/10) or for January (1/24/10). Here are the results for the Formal shoots for December and January.
