

The Folsom Shooting Club Newsletter
October 2011 Edition

WELCOME TO THE SACRAMENTO VALLEY SHOOTING CENTER

Sacramento Valley Shooting Center is owned and operated by Folsom Shooting Club INC. SVSC is the premier outdoor shooting range on the West Coast and the largest and best privately held range West of the Mississippi.

Our ranges provide something for everyone. We provide facilities for shotgun, handgun and rifle shooters. Our 860+ acre facility has well over 400 firing positions and is home to many different sub disciplines. Our ranges are sought out by many world class shooters and we host several regional, national and international events every year.

Sacramento Valley Shooting Center is a world class facility with many private member only ranges. We also permit public access to our 100 and 300 yard rifle ranges, as well as our 50 yard pistol and .22 rim fire steel silhouette range.

Firearms are not available to rent at the range. You must bring your own firearms to shoot.

In addition to various shooting disciplines, there are a number of training classes and qualification courses offered. Check with the staff in the office if you are interested in any of these classes.

Our range also has a small lake with excellent fishing for members. There are gazebos at one end of the lake at Chizar Park where families and friends can gather for a picnic.

September 19, 2011

Since our last meeting, the public range has had 4,228 shooters. In that time we have had 120 new members bringing our total membership to 2094.

We have recently solved the reporting issues with the Club Sentry computer software in the main range office after completing some necessary updates. A complete and accurate physical inventory has recently been finalized.

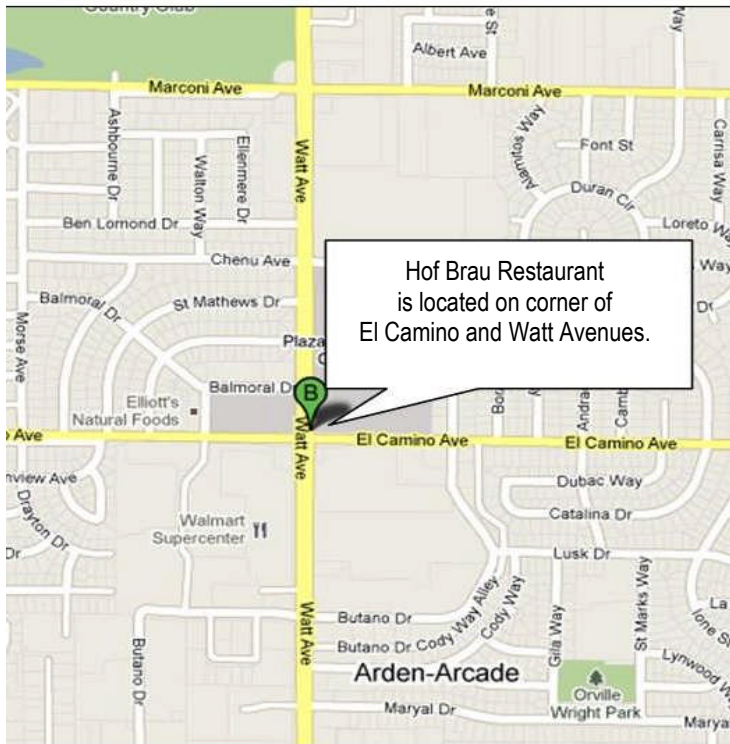

New sewer pumps have now been delivered. We are working on installing new pump switches at Range 4, Range 9 and at the residences. New directional/informational signs have also been placed around the range to clarify where shooters need to go. Folsom Shooting Club, Inc. official classes such as the Concealed NRA training classes are very popular and are still filling up quickly. As of now, the calendar for the classroom is booked, every weekend through October, 2012 with the exception of a few random dates.

CA Dept. of Corrections and Rehabilitation has recently started scheduling range time again, however their academy is still closed with an unknown anticipated date of reopening. In the meantime, Los Rios Community College District has been scheduling much more range time as most likely they will be taking on the potential cadets. We have also recently begun marketing SVSC toward all Sheriff and Police Departments in Northern California by sending out a mailer offering a tour of the range with a day of shooting.

The current raffle for the Savage Model #116 chambered in 300 Winchester Magnum is going well and the drawing will be held at the board meeting on October 18, 2011. Thus far, the current raffle has brought in \$1295.00 Tomorrow, September 20, 2011; the next raffle will start for the Colt 1911. The raffle will run for two months and will be drawn on November 15, 2011.

Larry S. Godbout
Operations Manager / Range Master / Chief Instructor

Board of Directors Information

Folsom Shooting Club, Inc.

Monthly Meeting of

Board of Directors

Plaza Hof Brau

2500 Watt Avenue

Watt & El Camino

3rd Tuesday of each month
